8/10

CLAIMS

- 1. A recruiting station for attracting potential recruits and for collecting key data from the recruits at a remote location without requiring the presence of recruiting personnel, comprising:
 - a. An advertising display associated with the station for attracting recruits to the system;
 - b. An electronic collection system for instructing the recruit and collecting key data from the recruit; and
 - c. A processing system for storing the collected data in an electronic format.
- 2. The recruiting station of claim 1, further including a free-standing cabinet for housing the advertising display, the collection system and the processing system.
- 3. The recruiting station of claim 1, wherein the advertising display is a multi-media display.
- 4. The recruiting station of claim 1, wherein the advertising display includes a video screen.
- 5. The recruiting station of claim 1, wherein the advertising display includes an audio system.
- 6. The recruiting station of claim 1, wherein the electronic collection system includes an instructional screen and a keyboard for controlling the information displayed on the instructional screen and for inputting recruit information.
- 7. The recruiting station of claim 1, wherein the processing system includes a subsystem for storing the collected data in an electronic format.
- 8. The recruiting station of claim 7, wherein the subsystem is a floppy disk.
- 9. The recruiting station of claim 7, wherein the subsystem is a hard drive.

9/10

- 10. The recruiting station of claim 7, further including means for remotely downloading the collected data via the Internet.
- 11. The recruiting station of claim 1, further including a plurality of electronic collection systems associated with each advertising display.
- 12. The recruiting station of claim 11, further including a processing system associated with each electronic collection system.
- 13. The recruiting station of claim 1, wherein the electronic collection system is multi-lingual.
- 14. The recruiting station of claim 1, wherein the advertising display is multi-lingual.
